LOCAL VINYL SIDING PROFESSIONAL NAMED
VINYL SIDING INSTITUTE CERTIFIED Installers

Washington, D.C., March 28th, 2011 Midwest Construction of Mason City and Grimes, Iowa has received third party verification of their installers vinyl siding skills and knowledge and has been named as Certified Installers through a program sponsored by the Vinyl Siding Institute, Inc. (VSI).

Through the VSI Certified Installer Program for vinyl siding installers, Mark Eaton and Zane Kantaris have completed a rigorous course of study and examination on the proper installation techniques for vinyl siding, soffit and accessories, as verified by an independent certification firm, Architectural Testing, Inc., and based on ASTM D4756.

“The VSI Certified Installer Program was created to recognize top quality siding installers,” said VSI President Jerry Y. Huntley. By passing our course and examination, (Midwest Constructions Owners, Production manager and Installers) have demonstrated the knowledge and skills to install quality, durable vinyl siding.

VSI recognizes an individual as a Certified Installer if he or she has at least one year of experience and passes a course and examination on correct installation techniques. Installers with more than three years of experience may qualify to take the test without the course. VSI Certified Installers receive an identification badge and are listed in the registry on VSI’s website, www.vinylsiding.org.

###

The Vinyl Siding Institute, INC. located in Washington, DC, represents manufacturers of vinyl siding and other polymeric siding and supplies to the industry. VSI is the sponsor of the VSI Vinyl Siding Product Certification Program and the VSI Certified Installer Program. www.vinylsiding.org.
