## 30% Energy Savings Pledge

UniFrame® Window is proud to introduce a 30% energy savings pledge. We are so confident in the quality and performance of our Maxuus™ R-7.6 glass package that we pledge a savings of at least 30% of energy consumption for heating and cooling costs for the residence at the address shown hereon during the 12 month period beginning with the effective date of this pledge. This pledge becomes effective only if the homeowner, located at the address shown hereon, has purchased a complete installation of Maxuus R-7.6 insulated glass replacement windows and patio doors, and is effective on the dates shown below on this certificate. If energy savings are less than 30% of the previous 12 months'\* energy consumption, the homeowner is to notify UniFrame Window who will provide the homeowner with the forms to be completed to file for benefits under this pledge. If energy savings are less than 30% of the previous 12 months' energy consumption, the homeowner will be reimbursed the difference between actual savings and 30% of energy cost for the previous 12 months up to \$500.

Effective: \_\_\_\_\_ (Date Installed) To: \_\_\_\_\_ (One Year Later)

City: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_ Phone: ( ) \_\_\_\_\_

Number of Windows Installed: \_\_\_\_\_ Order #: \_\_\_\_\_ Dealer: \_\_\_\_\_

Authorized UniFrame Dealer Signature: \_\_\_\_\_

### THE PLEDGE IS BASED ON ENERGY (FUEL) CONSUMPTION, NOT COST. IT IS SUBJECT TO THE FOLLOWING PROVISIONS:

Only complete installations of UniFrame replacement windows and patio doors with Maxuus are covered by this pledge. A complete installation includes all windows and patio doors in the dwelling except basement, attic and porch. This pledge covers single family detached residences only. This pledge is valid only for the time period indicated on this form. Heating and cooling systems must be properly maintained by the homeowner. Maximum payment of claims under this pledge shall be \$500. This pledge is based on comparable degree days. In the event of abnormal weather conditions, appropriate allowances will be made in adjusting a claim. Claims must be submitted in writing with supporting evidence within 30 days after expiration of this pledge to UniFrame Window and also a copy to the dealer where purchased. Claim adjustments, if any, will be issued from UniFrame Window within 90 days after all facts have been verified. Reimbursement at fuel rates prevailing at time of window purchase. Comparison will be based on units of energy consumed rather than actual dollars to compensate for inflationary increases from year to year. \*If the residence is heated by electricity (rather than gas) the month of December is excluded from the comparison.
